

I listen to K-LOVE (106.7) everyday and it has changed my life. If K-LOVE were to be replaced by a LPFM that doesn't have the same family-friendly, Christian programming, the community and myself would be devastated. K-LOVE supports wholesome values and has a positive and encouraging impact on communities all across America. Please preserve this service I, as well as millions of other listeners, value. Thank you for considering this important issue.
